Raath International School <i>Class X</i>	Percentage - 93.8% <i>April 2017– July 2018</i>

TECHNICAL SKILLS

Languages: Java, SQL, JavaScript, HTML 5.0, CSS 3.0
Frameworks & Libraries: ReactJs
Developer Tools: VS Code, SQL Workbench, SSMS
Databases: MySQL, MongoDB

PROJECTS

Apex Healthcare | *ReactJs, ExpressJs, NodeJs, MongoDB*

- **An innovative healthcare platform** enabling users to effortlessly book appointments, with experienced and specialized doctors.
- **Implemented a dynamic admin dashboard**, allowing effective oversight of user registrations, appointment approvals, and data management for seamless platform operation.
- Ensured data protection by employing access controls, while also enabling timely notifications for users and doctors, enhancing communication and appointment tracking.

Coaching center Website | *HTML, CSS, JavaScript, MySQL*

- **Designed and developed a responsive coaching center website** featuring an engaging homepage that highlights facilities, faculty, and core offerings to improve user engagement and retention.
- **Implemented detailed course information pages** with structured layouts to provide clear, accessible content for students, including schedules, modules, and instructor bios.
- **Integrated a real-time query submission system** enabling students to contact teachers directly, enhancing communication and support between faculty and learners.

ACHIEVEMENTS/EXTRACURRICULAR

- [Certificate](#) for JavaScript course for beginners at Udemy.
- [Certificate](#) for SQL Basic from HackerRank.
- [Certificate](#) for SQL Intermediate from HackerRank.
- Played Badminton at University level for BVICAM.
- Played Basketball at University level during UG.
- I served as the sports coordinator of ANDC, DU.
